**RESPONSE TO NOTIFICATION OF NON-COMPLIANT APPEAL BRIEF**

MAIL STOP: Appeal Brief - Patents  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

In response to the Notification of Non-Compliant Appeal Brief mailed April 20, 2007, to which the period to respond extends until May 20, 2007, the applicant respectfully resubmits appeal brief.

**REMARKS** begin on page 2.

## REMARKS

The applicant re-submits the appeal brief originally filed December 18, 2006. The applicant respectfully submits that the appeal as originally filed is substantially the same as the attached appeal brief. In the notice, the Examiner indicates the appeal did not address the rejection of claim 14 in view of United States Patent 5,663,692 (“Swope”). In this rejection, the Examiner only relied on Swope for the disclosure of an RF port. Even assuming this is correct, claim 14 depends from claim 10 and Swope does not address the deficiencies noted in the primary reference with regard to independent claim 10. The argument has been updated to this effect.

The applicant respectfully submits that the re-submitted appeal contains each of the formal items required by the Examiner.

No fee is believed due to re-submit the appeal brief.

Signed this 2nd day of May 2007.

Respectfully submitted,

Brian Kinnear, Reg. No. 43,717
